Model DS72LT6 Quick Start Guide

Safety Precautions

CAUTION

- Do not install display in a wet environment or place anything on the top of the display filled with liquid, such as vase or beverage.
- Do not install near flammable objects, such as gasoline or other volatile liquids.
- Do not install near any heat sources such as radiators or other heating devices.
- Do not install in a dusty environment.
- Do not damage the power cord or plug.
- Do not disassemble the screen to avoid electric shock.

WARNING

- After extended use the heat sink behind the screen may be hot. Do not touch to avoid being burned.
- Do not touch the screen panel with sharp objects or extreme pressure to avoid damage to the panel.
- The display should be installed in well-ventilated place, do not install in a confined space.
- Do not drop or allow any object to fall on the screen.
- Do not touch the screen with wet hands to avoid electric shock.
- When cleaning, unplug the monitor. Use a soft, dry cloth to wipe the screen off. Do not use alcohol or other chemicals.
- If you smell smoke or hear a strange noise, immediately unplug the monitor and contact the vendor.
- Do not discard this product with general household waste. Please be sure to comply with the local waste regulations.
- Suitable for mounting on concrete or other non-combustible surface only.
- Please power off the LCD and the video source before plugging in the DVI cable.

IMAGE BURN-IN WARNING

- When a stationary or fixed image is displayed for a long time on the screen, the image may be permanently imprinted on the screen. This phenomenon is known as image burn-in and is not covered by the manufacturer's warranty.
- In order to avoid burn in, avoid prolonged display of static or fixed images on the screen.
